PRESIDENT'S REPORT

What a challenging and momentous year 2020 has been. In time we will all look back on this year and remember and reflect on what a pivotal year it was. As I write this report I have focussed on the many achievements for the year and some of the challenges faced, together with opportunities to consider moving forward.

Our winter fixture season had a start/stop/start nature this year:

- We started the year like any other year, but had to stop all fixture competition mid-March 2020 due to the quarantine restrictions brought about by the COVID-19 pandemic.
- Were able to resume with a shortened winter fixture competition from mid-July 2020 when sporting restrictions were eased. This was not an entirely simple and straight-forward process, since player numbers had changed, and allocation of teams to divisions needed amendment. Draws also needed to be re-assessed.
- But then were able to continue with the hockey fixture competitions for juniors, seniors and masters, at five turf venues and two grass venues, for over 3,000 registered players.
- Overall numbers were 15% down on 2019 player numbers, with the biggest decrease, not unexpectedly, amongst senior players. However, it was very reassuring to see how many players were able and keen to return.
- We had established a sixth division for senior turf to accommodate club requests, with the availability of the second turf at Burringbar, but amended that to ensure sufficient team numbers in each division. Not all clubs were entirely happy with this change but generally accepted it in the spirit of cooperation.
- No finals awards were handed out this year, largely to ensure minimal person-to-person contact as part of our COVID-safe plan. Not everybody was happy with this, but it was done with good intent. We will be re-considering how this can be better done for next year/s.

We continue to work with Brisbane Hockey Association (BHA) to administer Hockey Brisbane Inc, and with BHA and Kedron Wavell Services Hockey Club (KWSHC) to administer the Brisbane Hockey Management Group (BHMG), which manages the Burringbar turf facility. Work there is now underway to construct the technical bench and dugouts thanks to a State Government female facility grant.

Work is still underway to complete the amenities block on Field 10 at Downey Park with delays introduced by the need to seek approvals and more approvals for each component of the work.

Planning has already commenced for 2021, in conjunction with BHA and with input from Hockey Qld. With ongoing uncertainty around what restrictions may or may not be in place our planning also needs to consider multiple scenarios and options. What an opportunity for innovation!

I would like to thank all the members of my board for their commitment, enthusiasm and, in particular, their resilience during the year. To all the dedicated volunteers at club and association level – thank you, because your workload this year was also substantially increased. And last but certainly not least, my sincere thanks to Kath Proctor and all the BWA staff for their ongoing support and tremendous work effort in what has been a quite unique year.

Dr Karin Walduck - President

VALE DENISE BYRNE

Denise played for Taxation, BWAH, Queensland and Australia (1963).

She was an outstanding sportswoman excelling in many sports, hockey, golf, and athletics to name a few.

She was a wonderful volunteer and player for BWAH.

From 2011 to 2013 she was the friendly face serving at the bar at Downey Park, providing dips and a chat to all who came upstairs after their game for a social drink and game de-brief.

Denise is honoured on the Taxation Minor Premier Shield for DP5 and her photo is on the rail of honour in the clubhouse. Denise held the following hockey volunteer positions:

- Equipment Officer: 1963
- Senior Executive: 1968
- Umpires Convenor: 1968 1969
- Manager - Wide Bay Brisbane: 1975
- Coach - Secondary School Girls (1): 1976 1977
- Senior Grading/Selection: 1977 - 1979
- Manager - Wide Bay Under 16: 1979
- Manager/Coach - Brisbane 2: 1979
- Coach - SEQ Under 19 (2) 1984
- Coach - Queensland Vets Touring: 1986
- Club House Committee: 1987-1993
- Vice President: 1989 - 1992
- Manager - Veterans State Championships: 1989
- Selector Veterans: 1991 (C) 1992
- Manager - Qld Vets 40yrs+: 1991
- Coach - Vets 2: 1993

She will be sadly missed by all that knew her.

Rest in Peace Denise

VICE PRESIDENT'S REPORT

Our year started with the very exciting news from the LNP that they would commit to building turfs on top of a carpark at Downey Park if they were elected at the local government elections in March. The LNP were subsequently returned to Council and have since committed funds in the budget this year to do preliminary investigation work.

So the ongoing story of the turf at Downey Park continues. We hope next year that the planning for the facility continues to something more definite.

Christine Blanchard - Vice-President

GENERAL MANAGER'S REPORT

What a year to review.

It started in the usual way - the 2019 Board of Management held 4 planning meetings in October and November 2019 to consider the rules and procedures identified during the season. We asked the clubs for their input through a questionnaire, the responses were used to make 16 changes to rules, processes and procedures for 2020.

The 86th Annual General Meeting was held on Tuesday 26th November 2019. Awards recognising the valuable role volunteers play in our association were given out with special mention to our Senior Volunteer of the Year **Bron Morris** (Database Officer, Communications Sub-Committee and Junior Duty Supervisor) and Junior Volunteer of the Year **Kerri McKeon** (BWA Team Manager U15 2 and U11 1 Teams). BWA Life Membership was bestowed on **Sonya Fisher** for her outstanding work on the Board of Management, as Treasurer and in many areas of our sport, she is a dedicated volunteer thoroughly deserving of this award. The Board of Management remained constant with 8 members from across 7 clubs.

The Board of Management met in December to appoint convenors to committees. A small Christmas party was held just prior to Christmas for Staff, Management and Life Members at the BWA Clubhouse.

We were excited to get an election promise from the BCC to instal two synthetic turfs at Downey Park, unfortunately planning for this has been put aside to deal with the pandemic.

We continued the work to spend the grant we received from the Department of Sport and Recreation for a new **Female Facility** near field 10 at Downey Park. We have been required to ensure our project meets with BCC requirements on flooding, contaminated land, and heritage. It has been a long process, with many hurdles, but we can see the finishing line at last. Thank you to John Giles from **John Giles and Associates** for his project management to date and Kathy Rogers from the Department of Sport for her assistance. At times we have had to call on the support and assistance of our local and state members (Cr Andrew Wines & Hon Tim Nichols MP), and we sincerely thank them for that, **Sonya Fisher** has been instrumental in networking to keep the project moving. We also received funding from the **Australian Federal Government** (\$5000 - Volunteer Grants for Training), and the **Queensland**

State Government for Active Clubs (\$2000 for Umpire Development), we have an application in with the **Community Gambling Benefit Fund** to upgrade our Toro mower. Thank you to all who assisted with these grant applications and thank you to the government departments who make the funds available to assist not for profit groups like ours, without this funding many projects could not happen

Hockey Brisbane Inc. is an association to manage the activities BHA & BWA do together and we met regularly in 2020. We continue to explore areas that we can develop together to improve the hockey experience of all in Brisbane. Recently we met with the HQ CEO, Alison Lyons and we will be meeting again in November to plan for 2021.

Our first Council meeting for the calendar year was on the 28th January, 2020, we discussed:

- The HQ player Fees.
- The new REVSport database.
- Providing information and important dates to get the season under way.
- Development (Player, Technical, Coach and Umpire) opportunities available during the year.
- New staff member – Tamiesha Elmes.
- Moving the 13T1 division to Friday night.

The Junior Committee remained stable in 2020 with 7 members led by Judy Hartnett. This is a large section of our association and many decisions need to be made, however, like the rest of the association the turf competition had just begun when COVID-19 hit and hockey stopped, this put a lot more responsibility on Judy as chair and being part of the Board decision making sessions. Thank-you Judy, and your committee, for getting through a Junior season this year.

The affiliations for the Senior Turf teams were submitted at the end of 2019, this provided for 6 divisions. When COVID-19 hit and hockey had to shut down, all hockey stopped and the Board of Management went into overdrive to work through the problems and prepare for the many possible scenarios of a return to sport. New budgets were done, clubs who had paid half fees had the majority returned to them. BWA kept the team affiliation fee and a percentage of the Senior turf fees to provide running costs for the association, with the advice if would be taken off future fees.

To say the time that the pandemic really hit sport and Queensland in general was unprecedented, is understood by all. Everyone was impacted and community sport like ours was not exempt. BWA is a large organisation with 2 venues to manage, staff and volunteers, and fixed income from our competition membership, no competition means no income. New budgets had to be set, initially things looked very grim. Thanks to the wise actions of past and present Boards of Management, BWA had reasonable funds to support the short-term management of the association. However, we cut all costs possible, initially it appeared all staff would be stood down, but through a combination of reduced or cut hours, leave and government support we have survived in a reasonable position. Unfortunately, we had to say farewell to Miesha Elmes and Lisa Donaldson.

We applied for and received several grants and assistance to support us during the COVID-19 shutdown from all levels of Government - Federal Government, State Government and the Brisbane City Council we thank them all for their support.

All eligible staff were put on JobKeeper and a skeleton staff kept the business of BWA happening. While you would expect this would be a time of little work to be done, the exact opposite was true. As we were one week out from starting the grass season, the stock for the canteens and bar at both Downey and Rasey Park had been fully stocked, this needed to be collated and then sold where possible to recoup as much money as possible, as not all items had enough shelf life to outlast the shutdown. Unfortunately, some stock could not be sold in time and we donated stock to "OzHarvest". Services had to be cancelled and then the planning, scenarios and ideas worked through to find a way forward for our sport. Refunds for fees and programs and payment of invoices all continued through this period.

It was during this time, that the true value not only our staff but of our outstanding volunteers stood out. I know all club officials had an enormous task during this period and I thank each and everyone of them for their commitment to our sport and their club, well done. Our **Board of Management** normally meet on the 2nd and 4th Tuesday of the month during the season, but during the shutdown met weekly via Zoom. There was so much happening, almost daily, the need to meet weekly was necessary. From these meetings Management Reports were sent out to clubs to keep them updated and hopefully offer support. Thank you to every member of the Board of Management for your commitment to our association and sport.

It must be noted that the leadership shown by the new Hockey Queensland CEO **Alison Lyons** during this period was outstanding, being a leader in developing plans for the resumption of Community Sport, and making EVA Codes available to register attendance at venues took a load off all associations and clubs. Thank you, Alison and all staff at Hockey Queensland. During this time the BHA and BWA Presidents spoke regularly to ensure hockey in Brisbane was moving forward, thank you **Karin Walduck and Todd Fuller** for your work to achieve hockey in Brisbane.

Brisbane Hockey Management Group (BWA, BHA and KWSHC) also had a busy year, with the finalisation of the second turf ready for competition. The facility is about to start construction of a Female Facility near field 2 to provide changeroom and toilet facilities for this field also Tech Bench facilities for field 2. Work is also being completed on the Grass field and plans are underway to improve the canteen and office facilities at the venue.

When resumption was announced much work and plans were required by clubs, associations and venues, thank you to all that did their part in this. BWA had to amend some rules to allow for the safe resumption of the sport, these primarily dealt with "get in, play, get out", equipment and facilities (not sharing, cleaning and social distancing), thank you everyone for your assistance with these, without your support our sport could not play.

We sent out a survey to clubs to get a feel for what they wanted from a resumption of our sport in July, the responses were taken into consideration when making the final decisions. Thanks to **Di Brodie, Lesley Bennett, Kellie Roberts and Judy Hartnett** and your many committees and members for being so accommodating and thorough, doing the task of grading and fixtures twice in the year to get us back up and playing. Thank you to Kathryn Austen and Carol Chiu Chong for your support of our volunteers in this area. Thank you to the 3 Match Secretaries, **Kellie, Sue and Lesley** for your diligence and compassion to assist clubs navigate this unusual season, while keeping it fair for everyone.

The REVSport database was introduced to clubs at the start of 2020, the worst possible timing for clubs. It was a challenge to begin with, and we are still working through some issues. In such a difficult year it is hard to really evaluate its performance, so we hope that the lessons learnt this year will stand us in good stead for 2021. Thank you to **Bron Morris & Kathryn Austen** who have worked hard in this space to make improvements for us.

Umpiring is still a challenge in our sport, some clubs are doing a wonderful job promoting and developing umpires, while some are relying on other clubs to carry their load. The Umpire & Technical Committee led by **Sonya Fisher** is always looking for ways to increase and upgrade umpires and technical officials. We received two grants this year, and have another submitted, we hope to use these funds next year to assist with development of umpires and technical officials at state championships and on our competitions. Thanks to **Jenny Heron, Kathryn Austen, Amy Ryan, Judy Hartnett, Lesley Bennett** for allocating Technical Officials and Umpires this year.

Thankfully with everything else occurring we did not need to conduct a Judiciary this year, perhaps people were just happy to be back playing in July and thankful we were able to.

Casual staff members Noala Gordon and John Robinson do an enormous amount of work all year round to have our grass fields ready for competition. Their hours too were reduced to save money during the shutdown, and I thank them for their support during this difficult time. Downey Park is a large inner-city park, open to the public, and was heavily used for general exercise during the shutdown. It continues to be a challenge to keep football boots from ripping up the fields, dogs from leaving their deposits on the fields, and people swinging off our goal boxes, but we continue to work with the BCC to reduce these problems. Thanks to Noala & John on a job well done. Work on the park never stops and we appreciate the cooperation with Downey Park Netball and Brisbane Softball – we all love the park and work hard to look after it. Parking was relieved a little on the resumption of community sport with Netball moving some of their junior competitions to Sunday. We also thank all clubs who enthusiastically assisted and completed their working bee tasks – every job performed is money saved on fees.

At the resumption of our sport in July, our numbers had dropped a little, most appeared to be seniors due to financial, health or work concerns. We hope we can welcome all our members back next year to a full season of hockey. We retained most of our Junior teams, while they may have had smaller player numbers, clubs worked hard to give all players the opportunity to play. In 2021 we need to promote our sport as a whole of life and family sport – ***the whole family can participate for the whole of their lives***. Hockey Players need to better promote our sport to the outside world if we want to compete in this competitive recreation market.

With the pandemic in full force, no Representative Teams were selected or attended state or regional tournaments. We look forward to returning to Representative hockey in 2021. We are currently waiting on directives from Hockey Queensland on the format this may take in 2021.

Only 3 Council Meetings were held in 2020, but we sent out regular Management Reports to clubs. We will evaluate the need and number of Council Meetings in 2021.

BWHA retained **briZHockey** for Division 1 game a week from the resumption. Thanks to Paul Mills for his ongoing support and work ethic to put information out during the shutdown, and organise filming

while he was located in NSW. A special thanks also to Peter Smith for commentating and assisting with the set up each week. Paul also worked with the Courier Mail to provide filming of additional finals. Thank you Paul.

Resuming in July, we played a shortened season, with no medallions (in line with the safe return to sport rules) or awards, all teams played through to the finals day to maximise participation. We have offered and are playing increased Summer Competitions to provide additional hockey for our members, thank you Kathryn for organising this.

Thank you to our Downey Park staff: Canteen Convenors – Emelia & Jeremy; Admin – Lorraine; Time Stewards Chang/Shona; Rookie – Jess, First Aid – Konnie & Peter; the Saturday grass fixtures could not run as smoothly without you. A special thanks to Volunteer Bruce Carroll who assists every week at Downey Park, opening and closing the facility and this year stepping in at short notice to be the Rookie Co-ordinator. Thank you in particular to Lisa Donaldson for preparing these areas at the start of the year, and for the resumption.

The Archive Committee continued to source photos of all Brisbane based Australian Players to hang in the clubhouse, we now have 24 framed photos. Thank you to our Archive Committee, Life Members and long-term supporters for continuing to work for BWA, documenting the important history we have and organising social events. Special thanks to Ronda, Jenny, Tracey & Sue and Keith Nix for hanging the photos.

During this year Australian Player and great friend of BWA Denise Byrne passed away, she will be sadly missed. Our sincere condolences to all our members who have suffered loss this year or are facing challenges in life, and we congratulate those who have experienced great joy and exciting events. We share in the highs and lows of life with our friends and colleagues in hockey.

Thank you to the many volunteers that support our sport, especially to our President **Dr Karin Walduck**, she is an outstanding volunteer, mentor and leader and we are very lucky to have her. Thank you to the staff members casual, part-time and full time who all provide a great service to our sport. Thank you to the government departments and sponsors who allow us to grow and develop with support, both financial and in-kind.

Kathleen Proctor - General Manager

TREASURER'S REPORT

Well, 2020 has been quite a year.

Thanks again to Kath and the BWA team. In 2020, they did an amazing job in keeping our bills paid, income receipted, and revised budgets implemented and managed. The extra effort and commitment that was delivered this year ensured the Association stayed viable in 2020 and allowed us to plan for the future.

The full audited Financial Statements for the year ending 30 Sept 2020 are at the end of this annual report.

Our financial position remained relatively stable for such a disrupted year:

- Revenue was approx. \$1.245m versus \$1.4m in 2019, but the 2020 revenue included:
 - \$474k in Grant funding (Field 10 Female Facilities); and
 - \$143k in COVID Assistance (including JobKeeper payments)
- So, the adjusted revenue figure was closer to \$628k reflecting a compressed fixture season and the impacts of COVID-19 restrictions.
- In 2020, we ended the year with a loss of nearly \$14k (after depreciation expense of \$41.5k and payments associated with the F10 Female Facilities of approx. \$493k) but I think we all recognise it could have been much worse

The Field 10 Female Facilities grant process commenced in 2017, so to see it almost completed this financial year is quite an achievement as it has taken an immense effort from the BWA Office, our Project Manager, the Sports and Recreation office within the Qld Govt Department of Housing & Public Works, our contractors, Annette Maidment from Townsville Hockey Association (a 2019 Christmas tale) and Hockey Queensland. Also, without the continued support and assistance from the offices of Cr Wines and Tim Nicholls MP, I do not think we would have been able to progress to our current state of a close to completed facility. It has been the project that continues giving (and giving) but that has made us that much more determined to see it through – and we are so so close.

To continue to be successful with our grant applications, both existing and proposed, and to ensure we are heard by all levels of Government; we have maintained our connections with our political representatives including the below and we thank them for their continued support:

- BCC – Cr Andrew Wines (Downey Park) and the Lord Mayor Adrian Schrinner
- State – Hon Tim Nicholls MP
- Federal – Hon Trevor Evans MP

Sonya Fisher - Treasurer

BRIZHOCKEY REPORT

The 2020 briZHockey contract allowed for one game to be filmed a week at the SHC. Then COVID-19 resulted in the 2020 season being postponed. Paul Mills pivoted for us and supplied as much online content as he could find and ended up streaming all the available episodes of the Hockey Zone TV program from 2012 to 2016. This enabled the hockey community to continue to have hockey available for viewing while we could not participate in live games. Paul really enjoyed reliving the past and we are grateful for his efforts.

At the start of July 2020, Paul produced 3 short videos in respect to the 'Safe Return to Play' through funding from the Qld Government. These covered three participant groups – players / umpires / technical personnel. These "Sandra" videos were a first for Paul using a new tool (Doodly) as he was not able to film any live footage. These videos were well received and were shared widely (even internationally) as they offered clear advice about the requirements of 'Safe Return to Play'.

As BWA's return to play arrangements were finalised the briZHockey contract was extended to allow games to also be filmed at Redcliffe and Easts and by the end of the season also at Burringbar.

Peter Smith was instrumental in helping set up the equipment for the Live Streaming Brisbane crew while Paul, who was stuck across the border in NSW, mixed the cameras remotely. By the end of the season Paul had recruited new crew members, trained up new camera staff as well as a new director (all from TAFE), and we entered into a partnership with the Courier Mail to provide additional coverage to promote the sport (across Junior Turf, Masters and more divisions of Senior turf).

On grand final day, Paul's team set a new benchmark by not only streaming the first two games with two cameras to the Courier Mail site, but also by streaming the last two games with three cameras to the Courier Mail, Facebook and Livestream.

Peter Smith has been an invaluable asset for many years but operated solo for a lot of this year and was a key reason why briZHockey made it through 2020. BWA provides a big "thank you" to Peter for his efforts.

In summary, although 2020 posed many problems we are incredibly pleased with how Paul and his team adapted to overcome all of them. Through Paul and his team's commitment and with the consistent commentary, assistance, and commitment of Peter Smith, BWA has again been able to provide some of the best hockey coverage in Australia. As a side benefit, we are also providing opportunities for up and coming media personnel to learn their craft from Paul Mills, a very experienced operator.

DATABASE & SOCIAL MEDIA

I thought the challenge for the 2020 season was going to be yet another new national registration & competition management system rolled out at the last minute prior to fixtures starting, with all the defects still to be ironed out as the season progressed.

Revolutionise appears to be here for at least another year, so hopefully the start of next season will be smoother from an administrative perspective. Big thanks to Kathryn in the BWA office and especially to all the club administrators for their patience with the ongoing changes & perseverance with the new system on top of all the usual challenges with running a club.

BWA has continued to use social media (Facebook & Instagram especially) to engage and inform both our players & the wider public. Thanks to Amy for managing our content on the platforms and we encourage all the members of our hockey family to participate in positive communications around what we find best about our awesome sport.

Bron Morris - Database and Club Support

COMPETITIONS PORTFOLIO REPORTS

FIXTURES & GRADING

TURF

We began the year as normal with Clubs' affiliations and fixtures commencing in February and March. A few games into the season COVID-19 put a stop to everything.

When we were able to play, consultation was undertaken with clubs to gauge how players had fared through the uncertainty and instability of the lengthy hiatus and how much it had impacted on them all personally. A player survey was also conducted. Affiliations were resubmitted and overall, most clubs maintained similar numbers although were more stretched for players than prior to the COVID-19 break. Unfortunately, St Andrews withdrew their Division 2 team, SWU lost a team in Division 5 and for balance of numbers UQ withdrew a team in Division 6. For me the worst part was we had an uneven number of teams in Div 2 meaning players would be faced with the prospect of a bye in addition to the COVID-19 stoppage.

With the limited time for the season remaining and conscious of heat impacts on players moving into spring, the focus for 2020 was on maximising the opportunity for player participation and ensuring everyone had access to as many games of hockey as possible before players found the weather conditions too challenging. The general consensus of players and clubs was players wanted game time and so the competition model was revised so that all clubs could have a weekly match till conclusion of the season. The progressive drop out of teams until only two teams played in a grand final in the final week was abandoned. The 2020 reboot model was certainly not perfect, but our juniors, seniors and masters players were back playing the game they loved. It was great to see players back enjoying playing hockey especially when at some points during the year we were uncertain this would even happen!

Our roles as I see it through Gratings is to help build Clubs – not put impediments in their way. I have been a long-time advocate of a grading system that gives Clubs the options of placing a team where the skillset sits and takes club development goals into account, as well as their player numbers, rather than a relegation system which I believe stifles club growth and development. There were a myriad of ways and systems the new rebooted season could have followed. However, the end decision was made and whilst it did not suit all, it suited the majority at time of the season reset. I want to thank everyone who gave me feedback during the rebooted year, it is always great to see the passion and ongoing commitment that everyone has for our competition and our sport.

Organising the fixtures is not always a simple process. It is very time consuming with factors that impact the schedule such as umpire availability, turf availability, linking with BHA, managing specific time requirements for filming for briZHockey, plus general Club requests. So, to my committee - Jenny Heron, Liz Lobb & Anna Mehonoshen, I'm so thankful for everything you bring to the table. You are hardworking and dedicated members of the BWA community, and we would be a lesser organisation without you.

Huge thank you to the BWA office who have had a year of great ups and downs. Your dedication to our players is amazing and I cannot thank you enough. I will again single out Kat Austen, for her organisation, drive, enthusiasm and insight – you are inspiring, and I thank you for your commitment, counsel and insights.

Biggest thank you must go to our Club volunteers who have worked under stressful and often thankless conditions this year and conditions that have changed from week to week. You keep our sport going - Thank you.

Di Brodie – Turf Fixture & Grading Chair

GRASS

What a remarkable season for grass hockey in 2020! Preparation was well under way to start the season when COVID-19 disrupted all the plans, with the season finally getting off the ground in July. As BWA shares the Downey Park fields with softball, and COVID-19 restrictions in force, the chances of our grass players getting a game had been looking grim. Thank you to all the players, coaches and umpires and who felt comfortable playing and officiating under the restricted conditions. With the number of spectators limited by the “get in, play and get out” rule and the upstairs clubhouse closed there was little opportunity to experience the social side of grass hockey.

2020 was always going to be a tough year for some teams. The committee flagged in 2019 that if team affiliations were less than 40, then the number of divisions would drop from 5 to 4 and that some clubs would be in a higher division than requested. For some clubs, this meant they were unable to field a team in the higher division, for others this was an opportunity to retain and recruit quality players. By the time the competition could commence, there were six teams in DP1, ten in DP2, six in DP3 and nine in DP4. To give players value for their fees and to maximise the number of games for each team, the usual finals series was dispensed with. Games to determine positions from 3rd to anywhere up to 10th were played on a different weekend from the finals so that the grand final day could be a special occasion, albeit without the usual crowds, the presentations or the clubhouse bar available.

Thank you to John and Noala for maintaining and marking the fields. They were in wonderful condition at the start of the season, helped no doubt by the additional 3 months of rest.

Thank you also to the grass grading committee of Lesley Bennett, Margie Brown, Tracey O'Connor and Joan Walker. Even though clubs supply a list of proposed names with their affiliations, the teams that eventually take the field sometimes bear no resemblance to the original paperwork.

With no games organised to coincide with men's games at the club's home fields the fixtures committee had an easier job of allocating game times and fields.

I look forward to a more normal season in 2021.

Lesley Bennett - Grass Fixture & Grading Chair

MASTERS

The committee members were Lesley Bennett, Caroline Schomberg, Pam Nitarski and Maree Whitchurch.

With the season restart in July we were fortunate enough to not lose any teams for the competition. This meant that there was very little rework.

As per suggestions made in 2019, when allocating fixture times, we were able to for the most part take a team's location into consideration for travel time specifically with early timeslots.

Kellie Roberts – Masters Fixture & Grading Chair

UMPIRE & TECHNICAL COMMITTEE

In 2020, even with the disruption of COVID-19, the U&TC with the assistance of many volunteers and BWA's MDM and Development Officer, continued to develop both Umpires and Technical. We were incredibly lucky, before our season was suspended, to deliver most of our pre-season Umpire sessions as well as the first of our Level 0 Technical Courses with the second Technical course not delivered until August!

Thanks also to Jenny Heron who did an awesome job again with Senior Turf Technical allocations, Kat Austen who worked with a lot of new techs for our Junior Turf Tech allocations and Amy Ryan who took on Senior Turf Umpiring allocations for the first time in 2020 (and discovered what a job it is). These people are the unsung heroes who ensure our fixtures run smoothly and efficiently. So a huge thank you to them all for their efforts.

In 2021, we are already working with our Member Development Manager, Amy Ryan on how we can support Clubs to develop their own Umpires and Technical Officials. BWA can provide access to courses and people to help you – you just need to ask. Our 2021 plans are an extension of work we planned for 2020 where we were going to connect with Club Administrators responsible for Umpire and Technical development – but this obviously came to a complete halt by COVID-19!

Umpire Development

- BWA can arrange for someone to attend umpiring sessions clubs host – whether it be with Junior teams, Parents or Senior Turf, Grass or Masters teams.
- These types of sessions can remove some of the anxiety that new or evolving umpires face.
- The team supporting this program all umpired their first match at some point – so they all know what it is like to whistle their first game.
- So maybe your 2021 challenge should be to pick up a whistle OR if you are already an accredited umpire, to mentor someone from your club throughout the season

Technical Development

- We were able to deliver two Level 0 Technical Courses in March and August 2020 – the first for many years.
- 11 people accredited with some hoping to be tested for their HQ Senior Judge Certificate at the HQ Indoor Championships to be held in November and December 2020:
 - Emma Callick
 - Janet Dobbs
 - Kerri McKeon
 - Tracey O'Connor
 - Bradley Pring
 - Chang Su
 - Karin Walduck
 - Kristin Walduck
 - Maree Whitchurch
 - John Whitlock
 - Shirley Woodward

Sonya Fisher – U&TC Chair

TURF UMPIRES STEWARD'S REPORT

The 2020 season started in March with the senior turf competition being able to complete 3 rounds of fixtures, before the season was temporarily abandoned.

With the re-start in July, many members understandably had changes to their circumstances, which meant not all members were able to participate or contribute to their hockey in a usual fashion.

This impacted not only umpiring allocations, but the availability of umpire mentors / assessors.

Despite the challenges, we again had an outstanding group of Level 3 & 2 umpires officiating on many of our fixtures, many who travel from throughout the South East Corner of Queensland. Some developing umpires gained incredible opportunities to officiate Division 1 matches alongside some of the best umpires in the country as their co-umpire.

We are very thankful for the continued support shared by Jan Hadfield AM and Lyn Hill who act as Umpire Coaches most weekends on the sidelines. Our umpires are blessed with opportunity to learn from your expertise. This appreciation is extended to all of our umpire mentors – Alyson Aleksic, Lesley Bennett, Melanie Blanchard, Naomi Crase, Emily Gotting, Judy Hartnett, Lyn Hill, Lisa Hollis, Jasmin Kay, Helen Kura, Aimee Mazzaferri, Chloe Reid, Caitlyn Smith, Stefany Worner and Naomi Zerner.

Although the season was short and the resources were limited, we still managed to mentor many umpires and award 24 new accreditations in 2020.

An area of attention for most clubs would be their umpiring development – whilst it is acknowledged that not all members will become umpires, the encouragement and availability in opportunity to become one should be as strongly emphasized as the playing and coaching pathways.

Thank you to all who umpired this year – particularly those who were flexible with their umpiring commitments – and those club representatives who worked closely with BWA to get the best outcomes for their umpires – it has been greatly appreciated.

Amy Ryan – Member Development Manager

GRASS UMPIRES STEWARD'S REPORT

The senior grass competition at Downey Park this year was reduced slightly due to effects of COVID-19. 31 teams played senior grass this year compared to 36 last year requiring 30 umpire allocations to be filled each week. Among the DP 'regular' umpires there was a pleasing increase in the number of young umpires using senior grass competition to hone their umpiring skills and to help their clubs cover their allocations. Where possible these developing umpires were paired with an experienced DP 'regular' and overall the standard of umpiring was high allowing teams to enjoy their shortened season.

I would like to thank the BWA senior grass clubs, players and club umpire co-ordinators for their support and flexibility to fulfil the Downey Park umpiring requirements each week. A particular thank-you to the umpires who were flexible with games and swap allocations in the uncertainty of this season when unexpected difficulties arose for some umpires.

Recommendations:

- Ensure clubs to continue to inform BWA of umpire changes e.g. injuries or absences that affect umpire availability during the season or umpire development intentions and requirements, so umpires can be allocated from the most up-to-date version of their umpire register to minimise changes needed once the draw is published.
- Encourage clubs to list details of junior/beginner umpire needs on their umpire register so they can be allocated to suitable games with experienced umpires to assist their development.

Judy Hartnett – Grass Umpire Steward

COMPETITIONS: RECORDING & REPORTING (MATCH SECRETARY REPORT)

TURF

With this being my first season as Turf Match Secretary, I spent probably more time than necessary getting my head around the process and trying to come up with a more time efficient method of carrying out the necessary checks. The lack of available technology and reporting from the current database makes this difficult, although not impossible. The shortened COVID-19 season made my introduction an easier one than may have been had this been a regular length season. I am looking forward to working on some systems and processes in the off season, using excel, that will make the process less manual and less time consuming, at least to carry this forward until there is improved functionality within the database.

I thank the team managers for their efforts made to have match sheets completed accurately and to BWA specifications. Even something as small as having names in alphabetical order makes the task so much easier.

I have once again enjoyed being part of the BWA management team and am looking forward to 2021.

Kellie Roberts – Turf Match Secretary

GRASS

Thank you to the managers, captains and coaches who completed the match book neatly and correctly in alphabetical order, with players from a lower division listed after the team. An example of how to fill out the book is attached at the front of the book.

Because of the nature of the reduced season and the impact of players deciding not to play, there were a number of teams that relied on players from lower teams to field a full team. Should this occur in 2021, clubs need to think seriously about whether they have the players to support the number of teams affiliated with BWA.

Lesley Bennett – Grass Match Secretary

MASTERS

It has been a very challenging season for all, but it was great to see BWA still able to field 6 teams in all four Monday Masters divisions. It was great to see Easts back playing MM1 and SBE moving their teams from Division 3 and 4 in 2019 to Division 2 and 3 in 2020. It was also good to see Redlands filling the space vacated by SBE in Division 4.

Even with the shortened season a total of 429 individuals participated across the different divisions.

Thanks to everyone for having the match books filled out clearly and especially for those with Tech Bench responsibilities who had the team sheets returned to the office quickly which meant records could be kept up to date.

Sue Reid – Masters Match Secretary

DEVELOPMENT PORTFOLIO REPORT

2020 has brought unusual challenges in the Development department at Brisbane Women's Hockey which have been unparalleled to previous seasons. Whilst the year started strong with a full complement of staff (some new and some returning) and new direction, an obvious road block occurred in March.

Prior to March, we hosted Level 1 & 2 Coaching Courses, our Term 1 Hookin2Hockey and Sporting Schools, U13 Development, U15 & U18 Development and Masters Development programs were in full swing, and our Umpiring Talks were able to go ahead as planned. I'm thankful our members were able to take advantage of most, if not all, of these programs.

Whilst it was difficult to see a season's worth of planning be discarded, it presented new opportunities to review, tweak and build on areas moving forward.

BWHA was able to provide some development in August and September in the form of the **Hockeyroos & Kookaburras Clinic** (a big thank you to Rosie Malone, Savannah Fitzpatrick, Tim Howard and Dylan Wotherspoon for sharing your time and expertise for our players) and the **Junior Grass Clinic** (another big thank you to Jorja Morgan, Amy Lightbody, Sara Rogers, Tamiesha Elmes, Amanda Little and Paul MacPherson for coaching our up and comers). Welcomed events for both players and coaches to get back to doing what they love.

Due to the cancellation of State Championships for all ages, Hockey Queensland were challenged with the task of still naming squads for the U15 and U18 age groups (to trial in 2021), despite not having the usual opportunity to view players representing their home centre at a tournament.

All Associations were required to submit players for Hockey Queensland consideration, and BWHA approached this task by holding trials for age eligible players – this action provided the greatest amount of opportunity to the highest number of players that were interested in this pathway. We were very thankful for the volunteer selectors and coaches who provided their time at these trials, which was deemed a unique situation from the onset. Congratulations to all players who were selected by Hockey Queensland into their respective squads, we wish you luck at trials in February 2021.

Term 4 of the school calendar has been busy in terms of participation programs – Hookin2hockey, Sporting Schools and Gala Days – as schools attempt to fill their calendar with sport again to gain some normalcy.

Heading into 2021, planning is underway with the optimism that all programs and tournaments will go ahead as normal. Of course, there is always the underlying threat that our situation will regress and plans will have to be discarded, but I have no doubt that the team at Brisbane Women's Hockey will absorb any new challenges as well as we did in 2020.

Amy Ryan – Member Development Manager

FACILITIES REPORT

The maintenance of the two large parks we lease is completed by casual Noala Gordon (about 8 hours a week) and John Robinson (contractor 1 day a week), they love the parks and fit a lot into the hours they spend with us. With the COVID-19 shut down and our need to reduce all costs, John did not attend for 3 months and Noala worked 4 hours a week during this period to mow. I cannot thank them enough for their dedication and assistance this and every year. They also liaise with the other local sports users and BCC contractors to get the best possible results for our association, well done and thank you both.

The canteen at Rasey Park was opened for JTAS (primary school competition) at Rasey Park in February and March. Lisa then made preparations for the Winter season re-opening at both Downey and Rasey Parks, all stock had been ordered when COVID-19 shut us down. This meant we had full stock, including some stock from the 2019 season that had to be sold off to avoid huge losses. Thanks to Kat and Amy for counting and organising all stock, and thank you to those members who helped out by buying the stock, this reduced the amount of wastage and therefore cost to BWAH. There was some stock, mainly from 2019 that had to be given away and OZHARVEST collected this for use at their charity.

All work in preparation for the season had been completed by March e.g. Working Bees, Equipment checks and testing, waste collection, and fields marked, but then all had to be shut down, again to reduce costs, this was a large job and the facility seemed quite sad without the normal bustle of Winter hockey.

Noala kept the fields mowed and the facility neat and tidy during the shut-down (as required by our leases). When people were again allowed to exercise, the parks became hubs of mid-week casual exercise. It was great to see the park back being used but our eternal challenge of keeping football boots off the fields and dogs off-leash leaving their deposits around the park became a bigger problem.

During this time the BCC extended the Water Harvesting program to our water tanks at Rasey Park, our tanks at field 10 are already part of this system that runs from Finsbury Park and has many of the local sports utilising the “free” water for irrigation. In recent times an issue has arisen in regard to the amount of water being used by all local sports and the need for a flow restrictor, the noise of which is causing issues with the local residents. The BCC has assured us this will be corrected in the near future.

Once the return to sport was announced for July, much work had to be done to get the park ready for hockey, COVID-19 plans developed, fields remarked, goal nets out, canteens set up, hand sanitiser, movement flow signage all within COVID-19 rules and guidelines organised, we also needed to hire a Port-a-loo to replace the toilet on field 10, which was a construction site.. The Board decided not to run a bar as the numbers allowed in the space would make it unviable. We ran a reduced offering canteen at both Downey and Rasey Parks, a special thanks to Jeremy and Emelia the canteen convenors and all staff for your good humour and willingness to assist especially at short-notice to fill gaps. Thanks to Lorraine and Bruce Carroll for their ongoing commitment to our sport and grass hockey, we would not run as smoothly without you. Thank you to our field announcers, and our sports trainers who do more than just treat our members, your support was appreciated. All had more to do, to keep everyone safe as part of our COVID-19 Plans.

At the time of writing this report, we have all but finished the field 10 Female Facility Building, once complete this will have a changeroom, toilets, showers, unisex toilets, disabled toilet/parent’s room and umpires’ room. Many, many hurdles have been thrown in front of this project, it will be a loud shout of joy when it is finally finished.

The park was heavily used by two schools in July, August and September it is great to see the parks being used mid-week for female sport. Unfortunately, no U11 Southern Cross was held due to COVID-

19 rules. The finals were a different affair with most teams competing to the last date, we hope all enjoyed the season with all the changes forced on us by COVID-19. Thank you to Brisbane Softball for allowing us to continue into September longer than normal to provide a full round of fixtures for our members. Thank you to everyone for adhering to rules and embracing the season for what it was, an extraordinary situation. We hope 2021 will be a return to a more “normal” season, but we will have to wait and see, thank you to all for doing all you could to stay safe, and enjoy the season that was 2020.

Kath Proctor - General Manager

TOURS, UNIFORMS & EQUIPMENT REPORT

2020 started out well, but as we all know, it didn't go the way anyone would have planned. Unfortunately, we were unable to send any teams to Representative Tournaments.

Apparel

All of our Apparel items for the 2020 season had already arrived (or were on route) as we shut down in late March this year.

Our new apparel items planned for 2020 arrived and look fantastic. We will have a soft brim visor, beanie and wide brim bucket hat available at our uniform fittings in 2021. We can't wait to see them being proudly worn by our representative players. Many thanks to our continued suppliers, About You Promotions, Hot Lollie, Official Clothing and Atlas Sports for their support. As we are fully stocked for 2021, we will not require any orders however would encourage the hockey community to support these businesses with any of their uniform/apparel needs as they too come back from the year that was.

Uniform & Equipment

We continue to replace old uniforms as we are able to each year. We received our 2020 order mid-March and all uniforms are ready to go once tours recommence. The only item requiring ordering in 2021 are some further U11 Southern Cross Playing Shirts. This was the only order we were able to cancel in 2020 and these will be ordered in 2021 when we know this tournament will go ahead. All other equipment items (balls, markers) are ready to go for the eventual return of the touring season.

Tours

In 2020, BWA was unable to send any teams away on tour due to the cancellation of all Southern Cross and State Championship Tournaments.

Hockey QLD have announced that the 2021 Championships are to be held as per the 2020 Schedule (with minor date adjustments):

Tournament	Date	Venue (Proposed No. of teams sent)
Masters State Championships	11-13 June	Warwick (6 Teams)
U18 State Championships	27-29 June	Brisbane (BP) (4 Teams)
High Performance	July TBC	TBA
U13 State Championships	4-7 July	Gympie (4 Teams)
U15 State Championships	19-22 Sept	Gold Coast (4 Teams)

Carol Chiu Chong - Tours, Finance and Competitions

CHAIRPERSONS REPORT

The Junior Committee supports the provision of hockey for juniors in Brisbane from U7s to Js (U18). We work with the BWA staff to organise, manage and support the junior fixture competition including grading. This year the Junior Committee maintained its membership of seven members. The committee started the year with intentions to work in particular on the match steward aspect of our role to maintain player records and keep clubs informed of registration issues better than we had managed in the past. That was before COVID-19 arrived. During lockdown many decisions were made but generally the committee was not able to discuss options as we couldn't meet and timelines tended to be tight for email communication. So many decisions relating to getting the competitions started under a COVID-19 plan were made by the committee chair in liaison with BWA.

2020 Competitions

Junior Turf:

The number of teams in the Junior turf competition increased by 2 teams in 2020. The 13T1 competition was moved to Friday nights and rules were changed to allow clubs to nominate more than one team in the 13T competition. 2 clubs ended up with a team in both 13T1 and 13T2. 7 teams nominated for each 13T division and it was decided that grading was not required. Grading was organised for JT2-4 and the number of teams in each division was kept to even as much as possible to avoid byes in what would be a short season due to COVID-19.

Moving 13T1 to Friday nights relieved some pressure on teams who have girls involved in school hockey. It also allowed 13T girls freedom on Saturday mornings including umpire development. With the limited turf options in Brisbane and some clubs having 4 or 5 teams in the junior turf competition, club teams would inevitably be split across venues each week. The draws were prepared as sympathetically as possible sharing the splits across venues while trying to ensure teams were able to access substitutes from other teams. Having SHC and BP with 2 fields helped.

Junior Grass:

2020 saw a decrease in junior teams playing in the grass competition at Downey Park on Saturday mornings. This could be due to COVID-19 but could also have been influenced by moving 13T1 to Friday nights. Teams were down in the JG and U13 age groups. Under 11 numbers increased by 1.

The grass competition had not started when COVID-19 hit. A 'paper' grading was completed scrutinising the team registration lists looking at team age and experience. This process was reasonably successful based on the information provided by clubs. A decision was made to increase the number of divisions in Under 11 to five (A-E) in an attempt to keep the play in each division as competitive as possible. The 11E competition included teams almost completely comprised of girls who played U9 in 2019 or were new to the sport.

Clubs were asked their preferences for the COVID-19 season and the consensus was for the season to still finish before the September school holidays. Draws were arranged to provide at least one full round in each division both on turf and grass. Some turf divisions needed to count games played before the COVID-19 shutdown and others were able to start their competitions afresh.

To provide teams with as much hockey as possible games in a shortened season play continued for all teams during finals. This worked well and provided a nice atmosphere on the last game day at Downey

Park. This included U7s and U9s who played right up to the finals as well. This was received positively and considerations of ways to get these young players to enjoy as much hockey as possible will be investigated for future seasons.

Another change that needed to be implemented across all junior divisions involved goal keepers. Many junior teams do not have a dedicated goal keeper and share the role to give girls a try or to just share it around. Because equipment was not able to be shared due to COVID-19 the sharing of goal keepers was not possible unless clubs could provide a dedicated kit per keeper. This meant many teams would not have a goal keeper this season. After some discussion and mainly based on safety and attempts to keep the games fair, it was decided that if either team did not have a goal keeper any penalty corners awarded were played as long corners.

Junior Carnival

The junior carnival was not able to be held in 2020 due to COVID-19 and trying to use all available weekends for competition games.

U11 Southern Cross

The U11 Southern Cross was another victim of COVID-19 this year and it was missed by many who look forward to the day in August when Downey Park is full of junior girls and boys.

Junior Umpires

Clubs umpired their own games again in 2020 except for finals. Umpire development is a club responsibility and BWA supports this with mentors and workshops. Due to COVID-19 this was restricted this year though some junior umpires were able to be assessed and be recognised for their efforts this year.

In the finals clubs were asked to provide names of junior umpires they thought would be capable of officiating on a junior final – turf or grass. The response was disappointing and finding umpires for the finals became an onerous task that could have been much smoother had responses been received from all clubs. Umpiring finals is a recognition of a job well done throughout the season.

On behalf of the 2020 Junior Committee would like to thank the staff of the BWA office for their assistance during the season so we could do our job to organise the junior competitions for the shortened season. We would also like to thank all the club/school officials, parents and spectators who supported so many juniors taking part in hockey for the 2020 season. We look forward to hopefully a full season of hockey in 2021.

Judy Hartnett - Junior Chair

BRISBANE WOMEN'S HOCKEY ASSOCIATION INC COMMITTEE OF MANAGEMENT

On behalf of the Management Committee I present their Report on the Accounts of the Association for the year ended 30 September, 2020.

The following persons hold office at the date of this report:

Karin Walduck (President), Christine Blanchard (Vice President), Sonya Fisher (Treasurer), Kathleen Proctor (General Manager/Secretary), Lesley Bennett, Di Brodie, Bronwyn Morris, Sue Reid, Kellie Roberts.

ACTIVITIES

The principal activities of the association are to organise, plan, administer and otherwise arrange activities associated with the playing of hockey by the female population of Brisbane and surrounding areas.

RESULTS

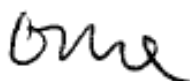

The activities of the Association for the year ended 30 September 2020 resulted in a loss from operations of \$14,944.57 (after providing for depreciation of building and equipment).

STATEMENT BY THE MANAGEMENT COMMITTEE

In the opinion of the Management Committee

1. The Statement of Income and Expenditure gives a true and fair view of the deficit of the association for the year ended 30 September 2020.
2. The Balance Sheet gives a true and fair view of the state of affairs of the Association as at September 2020.
3. As at the date of this statement there are reasonable grounds to believe that the Association will be able to pay its debts as and when they fall due.

Signed this 30th day of October of 2020 in accordance with a resolution of the Management Committee.

Karin Walduck
President

Sonya Fisher
Treasurer

**Notes to and forming part of the Financial Accounts
For the year ended 30 September 2020**

Note 1: Statement of Significant Accounting Policies

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Association Incorporations Act. The committee has determined that the association is not a reporting entity.

The report has been prepared in accordance with the requirements of the Associations Incorporation Act and the following Australian Accounting Standards:

AASB 112:	Income Taxes
AASB 1031:	Materiality
ASB 110:	Events after the Balance Sheet Date

No other Australian Accounting Standards, Urgent Issues Group Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values, or except where specifically stated, current valuations of non-current assets.

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

(a) Property, Plant and Equipment

Property, plant and equipment are brought to account at cost, less, where applicable, any accumulated depreciation. The carrying amount of property, plant and equipment is reviewed annually by the management committee to ensure that it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flow that will be received from the assets' employment and subsequent disposal. The net expected cash flows have not been discounted to their present values in determining recoverable amounts. The depreciable amount of all fixed assets are depreciated over their useful lives commencing from the time the asset is held ready for use.

(b) Inventories

Inventories of trading stock held for future use are valued at the lower of cost and net realisable value.

(c) Income Tax

Income derived by the Association is exempt from income tax in accordance with section 50-20 of the Income Tax Assessment Act 1997.

(d) Provisions

Adequate provision is made in the Financial Accounts to cover future liability for-

Tournaments	\$10748
Uniforms	(\$ 813)
Employee Benefits	\$56290

The provisions are reviewed annually and adjusted as required.

(e) Reserves

Reserves are created from specific purpose bequests and from current earnings.

Future Capital Expenses – to cover property improvements

Feasibility Study – in relation to ongoing costs

	2019	2020
Note 2: Cash		
Cash at bank and on hand	71,357	150,715
Note 3: Receivables		
Current: Trade debtors	0	0
Note 4: Inventories		
Trading stock (Bar, Canteen & Merchandise)	15,079	43,547
Note 5: Investments		
Bank of Queensland – Term deposits	711,655	423,045
Note 6: Property, plant and equipment		
Buildings	561,222	1,138,222
Accumulated depreciation	-470,488	-483,414
Net buildings	90,734	654,808
Plant and Ground equipment	663,041	669,443
Accumulated depreciation	-506,796	-536,402
Net Plant and equipment	156,245	133,041
Total Property, plant and equipment	246,979	787,849

Note 7: Buildings

During 2020 \$577,000 was expended on the construction of a new amenities block on Noble Street of which \$498,000 was provided from a State Government Grant, and \$79,000 spent from BWHA funds. The field 10 building is shown in the Non-Current Assets as a "Constructed Non-Financial Asset" with a corresponding "Value Of Constructed Non-Financial Asset" shown in the Capital and Reserves – for the amount of grant funds provided. The Building is on land owned by local authorities, leased to BWHA. The BWHA has no right of recovery of this amount in the event of a termination of the lease. BWHA has a recurring 4 year lease, which will continue for the foreseeable future. BWHA is responsible for the maintenance and care of the building as part of the requirements of the lease.

The historical "Buildings at Cost" are shown as a Non-Current Asset in the Balance Sheet at a written down value of \$654,808, to reflect the original cost to the Association, and to expend that cost by way of a Depreciation charge annually charged against current income. As the Buildings are on land owned by local authorities, the BWA has no right of recovery of this amount in the event of termination of leases. BWA has a recurring 4 year lease, and see no reason for this to not continue.

All buildings that are reflected in the Depreciation Schedule are currently used for activities conducted by BWA. The depreciation for buildings is set at 40 years of life or 2.5%pa.

Note 8: Investments

Brisbane Hockey Management Group (Loan)	100,000	100,000
Hockey Brisbane (Loan)	5,000	5,000
	<u>105,000</u>	<u>105,000</u>

Note 9: Current Liabilities

Creditors and accruals	30,116	89,561
Provision for tournaments	10,748	10,748
Provision for uniforms	2,301	(813)
Income received in advance	147,821	8,104
Provision for annual leave	23,237	11,499
Provision for long service leave	46,343	44,792
	<u>260,569</u>	<u>163,891</u>

Note10: Transfer to Reserve

An amount has been set aside from current earnings as a Future Capital Expense Reserve to be used to develop facilities at Downey Park, F10.

2019	2020
<u>37,872</u>	<u>37,872</u>

Note 10: Related Party Transactions

Transactions between related parties are on normal commercial terms and conditions unless otherwise stated.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
BRISBANE WOMEN'S HOCKEY ASSOCIATION INC.**

Report on the financial report

I have audited the accompanying financial report, being a special purpose financial report, of Brisbane Women's Hockey Association Inc., which comprises the Balance Sheet as at 30 September 2020, Income Statement, Cash Flow Statement, a summary of significant accounting policies, other explanatory notes and the Committee of Management Statement.

The responsibility of the Committee of Management for the financial report

The Committee of Management of the entity are responsible for the preparation and fair presentation of the financial report and have determined that the accounting policies described in Note 1 to the financial statements which form part of the financial report are appropriate to meet the financial reporting requirements of the entity and are appropriate to meet the needs of the members. The Committee of Management's responsibility also includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

My responsibility is to express an opinion on the financial report based on my audit. I conducted the audit in accordance with Australian auditing standards. Those auditing standards require that I comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Committee of Management, as well as evaluating the overall presentation of the financial report.

The financial report has been prepared for distribution to members for the purpose of fulfilling the Committee of Management's financial reporting responsibilities under the Rules of the Association. I disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates to any person other than the members, or for any purpose other than that for which it was prepared. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Emphasis of Matter

Without modifying my opinion, I draw attention to Note 1 to the Financial Report which describes the basis of accounting. As a result, the Financial Report may not be suitable for another purpose.

Independence

In conducting the audit, I have complied with the independence requirements of the Australian professional accounting bodies.

Electronic publication of the audited financial report

It is my understanding that the Brisbane Women's Hockey Association Inc. intends to electronically present the audited financial report and auditor's report on its internet site. Responsibility for the electronic presentation of the financial report on the Brisbane Women's Hockey Association Inc. website is that of those charged with governance of the Brisbane Women's Hockey Association Inc. The security and controls over information on the website should be addressed by the Brisbane Women's Hockey Association Inc. to maintain the integrity of the data presented. The examination of the controls over the electronic presentation of audited financial report on the Brisbane Women's Hockey Association Inc. website is beyond the scope of the audit report.

Auditor's opinion

In my opinion, the financial report presents fairly, in all material respects the financial position of Brisbane Women's Hockey Association Inc. as of 30 September 2020 and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards to the extent described in Note 1 to the financial statements.
