

U18 Southern Cross Teams Toowoomba Hockey Association, March 26, 2023

It is important to note the following;

- The Southern Cross is considered a part of the overall selection trial process, and movement will still definitely occur after the one-day tournament, before the State Championships Teams are announced.
- The Selection Panel have decided to name **additional player numbers** in the Southern Cross teams (for further selection opportunity) that *will* be less than the final teams announced. Players need to be aware that although they may be selected in a Southern Cross team, this is not an automatic selection into a State Championship team
- A list of shadows will accompany the State Championship team announcement.
