State Hockey Centre Association

– Board Member

1996

MEMORIES THEN AND NOW

Marilyn preferred the game when all teams played at the one venue and junior players were able to see A grade games in action. In my first game in A1I remember being told by Pix Josiffe that my uniform was too short and not to wear my Queensland blazer with my club uniform.

Many friendships (including those in opposing teams) were made as everyone stayed for the afternoon at the fields.

With the current rule changes the game has become faster and exciting and I feel this has all been for the good of hockey.
